

## What is CASA?

The Illawarra Grammar School values a healthy active lifestyle and sport. In addition to our curricular school sport opportunities, students at Illawarra Grammar have the opportunity to represent our School in multiple sporting Gala Days, competitions and carnivals. The first step for students in their representative sporting journey beyond the school is through the CASA network of schools.

CASA (formerly known as NASSA), is the Co-educational Anglican Schools Association. It was established by 6 Anglican schools in the Diocese of Sydney in 2002 and later grew to include eight schools. In 2023, the organisation was rebranded to represent a forward facing association of like-minded member Schools.

CASA is the first step in the pathway to State Representation for students attending the member schools. Its purpose is to provide interschool sports competition, gala days and carnivals between the member schools for students in Years 2 to 12. CASA encourages and promotes citizenship, connection and education through sport with member schools.

Learn about the CASA story, member schools, pathways to representation and calendar dates for upcoming events through the website: <https://casa.nsw.edu.au/>
